Instructions for Retirement Application

■ General Information

- Complete all pages of this application.
- Feel free to detach the pages for easier completion.
- Sign and date the completed application and have it notarized where indicated.
- Mail the completed application and necessary documents to KPERS at least 30 days before the date you select to retire.
- Once KPERS receives your application, we will review it and send an acknowledgement letter to you and your employer.

■ Part A – Member Information

- 1-2. Enter your name and Social Security number. This number *must* agree with the number your employer has on file.
3. Mark the corresponding box to indicate which system you are retiring from.

Note: If you are eligible to retire from more than one plan (for example, KPERS and KP&F), you may mark more than one plan if you are choosing the *same* retirement options. Submit two applications if you wish to choose different retirement options for each plan.

4. Enter the date you've selected to retire. KPERS and KP&F members can retire on the first day of any month following the last day on the payroll. Judges and special KP&F members can retire any day of the month following the last day on the payroll.

Important: The Retirement System must receive this application before your selected retirement date.

- 5-7. Enter the indicated personal information. Enter the mailing address to which the Retirement System should direct all communications on your behalf.

■ Part B – Retirement Benefit Options

Important: Before choosing one of the seven benefit options, please review the separate *Retirement Options* publication for details about each option. Kansas law does not allow you to change this option after your retirement date.

1. Mark this box to choose the Maximum Monthly Benefit with no survivor benefits.
- 2-4. Mark the corresponding box (#2, #3 or #4) to choose a Joint-Survivor Option. Complete all information for your joint annuitant. You will need to provide proof of age and all name changes for your joint annuitant.
- 5-7. Mark the corresponding box (#5, #6 or #7) to choose a Life-Certain Option. Complete the included Designation of Beneficiary – Retired form (KPERS-7/99R).

■ IRS Form W-4P (Withholding Certificate for Periodic Pension and Annuity Payments)

After selecting a retirement benefit option, follow the provided IRS instructions and complete the included IRS Form W-4P to withhold the correct amount of federal income tax from your monthly benefits.

■ Part C – Partial Lump-Sum Option (PLSO)

You can take part of your retirement benefit in an up-front lump sum at retirement. Choosing this option means you will receive a single lump-sum payment equal to a given percentage of your lifetime benefit's actuarial present value. This lump sum is then combined with one of the other retirement options to provide reduced, regular monthly payments for the rest of your life.

1. Mark the corresponding box to indicate whether you wish to choose the Partial Lump-Sum Option. You must indicate whether you are electing the PLSO. If you choose "yes," complete the rest of Part C. If you choose "no," advance to Part D.
2. Mark the corresponding box to indicate your choice of lump-sum payment percentage.

Important: KPERS 2 members can only choose a 10, 20 or 30 percent option. If you select any other option, your election will default to 30 percent. This does not affect KP&F or Judges.

Note: No interest is payable on any lump sum. In the event you die before receiving the lump-sum payment, it will be paid to your spouse. If you have no spouse, it will be paid to your designated beneficiary(ies).

In general, your retirement benefits are subject to federal tax, but not Kansas state taxes. Read and understand the "Tax Information About Plan Payments" in this booklet before completing the *PLSO Payment Options*.

Lump-sum payments are taxable income under federal law unless directly rolled over into an eligible retirement plan. If you do not roll over your lump sum, KPERS is required to withhold 20% for federal taxes. You may owe additional federal taxes and possibly a 10% federal penalty if you are under age 59 ½. If you want to withhold more, enter the rate on line 2 of the IRS W-4R form (Withholding Certificate for Nonperiodic Payments and Eligible Rollover Distributions). You cannot withhold less than 20%.

Note: Taxable amounts that are rolled over will not be taxed until you take it out of the traditional IRA or the eligible employer plan. A rollover to a Roth IRA is a taxable distribution in the year the funds are transferred.

Part of your PLSO payment will be considered **nontaxable** if you made any contributions on an after-tax basis.

You made contributions on an after-tax basis if you:

- Were a member before July 1984.
- Purchased service with a lump-sum payment other than a rollover or trustee-to-trustee transfer.

Federal law allows you to “recover” these amounts gradually without paying income tax on them again. A portion will be included in your PLSO payment and the rest will be paid to you gradually in your regular monthly benefit payments according to IRS regulations.

Taxable Amount

3. Mark this box to have the entire taxable amount paid directly to you. KPERS is required to withhold 20% for federal taxes. If you want to withhold more, enter the rate on line 2 of the IRS W-4R form (Withholding Certificate for Nonperiodic Payments and Eligible Rollover Distributions). You cannot withhold less than 20%. KPERS will send you a 1099-R form the following January for your federal tax return. Advance to Nontaxable Amounts.
4. Mark this box to have the entire taxable amount paid to a qualified defined contribution plan, traditional IRA or Roth IRA. Advance to #6.
5. Mark this box to have **part** of the taxable amount paid to a qualified defined contribution plan, traditional IRA or Roth IRA and the remainder to you. Enter the rollover amount in the space provided. The minimum rollover is \$500. KPERS is required to withhold 20% for federal taxes from the amount paid to you. If you want to withhold more, enter the rate on line 2 of the IRS W-4R form (Withholding Certificate for Nonperiodic Payments and Eligible Rollover Distributions). You cannot withhold less than 20%. KPERS will send you a 1099-R form the following January for your federal tax return. Advance to #6.
6. If you marked #4 or #5, indicate the name, mailing address, account number and plan type of each rollover plan. If different, provide address where the check should be mailed. Verify with your financial institution or rollover plan exactly how your rollover check should be made payable. Indicate the percentage of payment to be placed within each plan. The total percentage amounts must be in whole numbers and equal 100 percent.

Nontaxable Amount

Note: You may not have a nontaxable amount.

7. Mark this box to have the entire nontaxable amount paid to you. Advance to Part D.
8. Mark this box to have the entire nontaxable amount paid to a qualified defined contribution plan, traditional IRA or Roth IRA. Advance to #9.

9. If you marked #8, indicate the name, address, account number and plan type of the rollover plan. If different, provide address where the check should be mailed. Verify with your financial institution or plan exactly how your withdrawal check should be made payable.

State of Kansas Set-Off Program

The State of Kansas Set-off program is a program used to collect certain government debts. If you owe a debt to a Kansas state agency, municipality, municipal court or district court, your payment will be applied (set-off) to that delinquent debt. If your PLSO payment is set-off, additional time will be required to process your payment.

For more information on the Setoff Program, visit admin.ks.gov or call the Customer Center at (785) 296-4628 or email KSsetoff@ks.gov.

■ IRS Form W-4R (Withholding Certificate for Nonperiodic Payments and Eligible Rollover Distributions)

If you selected a PLSO with a payment directly to you (not a rollover), follow the provided IRS instructions and complete IRS Form W-4R if you want to withhold more than the required rate of 20% from your lump-sum payment. You cannot withhold less than 20%.

If you did not elect a PLSO or you chose a PLSO with a rollover, you don't need to complete the Form W-4R. Advance to Part D.

■ Part D – Direct Deposit Information

Please verify the financial information with your financial institution before completing Part D. Be sure that the routing number reflects the number for electronic transfers. This nine-digit number may be different from the routing number for the branch bank at which the account is held. You should be able to find the correct routing number on your checks.

If you are depositing into a savings account, contact your financial institution for the correct routing number. You may choose only one account at one financial institution for your direct deposit. KPERS cannot deposit to a prepaid debit card.

Your monthly benefit payments will be directly deposited in your account on the last working day of each month. In the event of your death, payments dated after the last day of the month in which your death occurs must be returned to the Retirement System. The Retirement System will then determine survivor benefits, if any, and begin payments.

■ Part E – Member Statement and Signature

Important: This section must be completed regardless of which retirement payment option you choose.

1. Read and understand each statement, then sign and date the form. You need to certify your marital status and that you received information about continuing life insurance. By signing, you are confirming that you understand all rules concerning working after retirement, including prearrangements to return to work. You are also confirming your retirement benefit option and that you understand this choice is irrevocable. Finally, you are confirming that all of the information you have provided is correct to the best of your knowledge. Your signature must be notarized.

■ Part F – Spousal Consent to Member’s Retirement Benefit Selection

Important: Kansas law requires spousal consent if you select a Partial Lump-Sum Option (PLSO) and/or any retirement benefit option that would provide less than one-half of your monthly retirement benefit to your spouse if you die. This section must be completed by your spouse if you are married and chose the Maximum Monthly Benefit, a Life-Certain Option and/or a PLSO.

1. Spouse prints his/her name.
2. Spouse needs to read and understand the statement.
3. Spouse signs and dates the form to attest that he/she is the spouse of the retiring member and that he/she understands and agrees with the retirement option the member chose. Spouse’s signature must be notarized.

General Instructions

Future developments. For the latest information about any future developments related to Form W-4P, such as legislation enacted after it was published, go to www.irs.gov/FormW4P.

Purpose of form. Complete Form W-4P to have payers withhold the correct amount of federal income tax from your periodic pension, annuity (including commercial annuities), profit-sharing and stock bonus plan, or IRA payments. Federal income tax withholding applies to the taxable part of these payments. Periodic payments are made in installments at regular intervals (for example, annually, quarterly, or monthly) over a period of more than 1 year. Don't use Form W-4P for a nonperiodic payment (note that distributions from an IRA that are payable on demand are treated as nonperiodic payments) or an eligible rollover distribution (including a lump-sum pension payment). Instead, use Form W-4R, Withholding Certificate for Nonperiodic Payments and Eligible Rollover Distributions, for these payments/distributions. For more information on withholding, see Pub. 505, Tax Withholding and Estimated Tax.

Choosing not to have income tax withheld. You can choose not to have federal income tax withheld from your payments by writing "No Withholding" on Form W-4P in the space below Step 4(c). Then, complete Steps 1a, 1b, and 5. Generally, if you are a U.S. citizen or a resident alien, you are not permitted to elect not to have federal income tax withheld on payments to be delivered outside the United States and its territories.

Caution: If you have too little tax withheld, you will generally owe tax when you file your tax return and may owe a penalty unless you make timely payments of estimated tax. If too much tax is withheld, you will generally be due a refund when you file your tax return. If your tax situation changes, or you chose not to have federal income tax withheld and you now want withholding, you should submit a new Form W-4P.

When to use the estimator. Consider using the estimator at www.irs.gov/W4App if you:

1. Have social security, dividend, capital gain, or business income, or are subject to the Additional Medicare Tax or Net Investment Income Tax; or
2. Receive these payments or pension and annuity payments for only part of the year.

Self-employment. Generally, you will owe both income and self-employment taxes on any self-employment income you (or you and your spouse) receive. If you do not have a job and want to pay these taxes through withholding from your payments, use the estimator at www.irs.gov/W4App to figure the amount to have withheld.

Payments to nonresident aliens and foreign estates. Do not use Form W-4P. See Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities, and Pub. 519, U.S. Tax Guide for Aliens, for more information.

Tax relief for victims of terrorist attacks. If your disability payments for injuries incurred as a direct result of a terrorist attack are not taxable, write "No Withholding" in the space below Step 4(c). See Pub. 3920, Tax Relief for Victims of Terrorist Attacks, for more details.

Specific Instructions

Step 1(c). Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

Step 2. Use this step if you have at least one of the following: income from a job, income from more than one pension/annuity, and/or a spouse (if married filing jointly) that receives income from a job/pension/annuity. The following examples will assist you in completing Step 2(b).

Example 1. Bob, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Bob also has a job that pays \$25,000 a year. Bob has no other pensions or annuities. Bob will enter \$25,000 in Step 2(b)(i) and in Step 2(b)(iii).

If Bob also has \$1,000 of interest income, which he entered on Form W-4, Step 4(a), then he will instead enter \$26,000 in Step 2(b)(i) and in Step 2(b)(iii). He will make no entries in Step 4(a) on this Form W-4P.

Example 2. Carol, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Carol does not have a job, but she also receives another pension for \$25,000 a year (which pays less annually than the \$50,000 pension). Carol will enter \$25,000 in Step 2(b)(ii) and in Step 2(b)(iii).

If Carol also has \$1,000 of interest income, then she will enter \$1,000 in Step 4(a) of this Form W-4P.

Example 3. Don, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Don does not have a job, but he receives another pension for \$75,000 a year (which pays more annually than the \$50,000 pension). Don will not enter any amounts in Step 2.

If Don also has \$1,000 of interest income, he won't enter that amount on this Form W-4P because he entered the \$1,000 on the Form W-4P for the higher paying \$75,000 pension.

Example 4. Ann, a single filer, is completing Form W-4P for a pension that pays \$50,000 a year. Ann also has a job that pays \$25,000 a year and another pension that pays \$20,000 a year. Ann will enter \$25,000 in Step 2(b)(i), \$20,000 in Step 2(b)(ii), and \$45,000 in Step 2(b)(iii).

If Ann also has \$1,000 of interest income, which she entered on Form W-4, Step 4(a), she will instead enter \$26,000 in Step 2(b)(i), leave Step 2(b)(ii) unchanged, and enter \$46,000 in Step 2(b)(iii). She will make no entries in Step 4(a) of this Form W-4P.

If you are married filing jointly, the entries described above do not change if your spouse is the one who has the job or the other pension/annuity instead of you.

Multiple sources of pensions/annuities or jobs. If you (or if married filing jointly, you and/or your spouse) have a job(s), do NOT complete Steps 3 through 4(b) on Form W-4P. Instead, complete Steps 3 through 4(b) on the Form W-4 for the job. If you (or if married filing jointly, you and your spouse) do not have a job, complete Steps 3 through 4(b) on Form W-4P for **only** the pension/annuity that pays the most annually. Leave those steps blank for the other pensions/annuities.

Step 3. This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see Pub. 501, Dependents, Standard Deduction, and Filing Information. You can also include **other tax credits** for which you are eligible in this step, such as the foreign tax credit and the education tax credits. Including these credits will increase your payments and reduce the amount of any refund you may receive when you file your tax return.

Step 4 (optional).

Step 4(a). Enter in this step the total of your other estimated income for the year, if any. You shouldn't include amounts from any job(s) or pension/annuity payments. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than

Specific Instructions (continued)

having tax on other income withheld from your pension, see Form 1040-ES, Estimated Tax for Individuals.

Step 4(b). Enter in this step the amount from the Deductions Worksheet, line 6, if you expect to claim deductions other than the basic standard deduction on your 2024 tax return and want to reduce your withholding to account for these deductions.

This includes itemized deductions, the additional standard deduction for those 65 and over, and other deductions such as for student loan interest and IRAs.

Step 4(c). Enter in this step any additional tax you want withheld from **each payment**. Entering an amount here will reduce your payments and will either increase your refund or reduce any amount of tax that you owe.

Note: If you don't give Form W-4P to your payer, you don't provide an SSN, or the IRS notifies the payer that you gave an incorrect SSN, then the payer will withhold tax from your payments as if your filing status is single with no adjustments in Steps 2 through 4. For payments that began before 2024, your current withholding election (or your default rate) remains in effect unless you submit a new Form W-4P.

Step 4(b) – Deductions Worksheet (Keep for your records.)

1	Enter an estimate of your 2024 itemized deductions (from Schedule A (Form 1040)). Such deductions may include qualifying home mortgage interest, charitable contributions, state and local taxes (up to \$10,000), and medical expenses in excess of 7.5% of your income	1	\$ _____

■ **Part C – Partial Lump-Sum Option (PLSO)** – You **must** indicate whether you are electing the PLSO. Choosing this option means you will receive a single lump-sum payment equal to a given percentage of the actuarial present value of your lifetime benefit. You will then receive the rest of your benefit in reduced monthly payments.

Partial Lump-Sum Option Election

1. "I elect the PLSO." Yes No

If you chose "yes," select a percentage option below and complete the payment options. If you chose "no," advance to Part D.

"Having elected the PLSO option above, I understand I will receive a single lump-sum payment as a percentage of the actuarial present value of my lifetime benefit. I further understand that my monthly benefit will be permanently reduced according to the percentage I choose."

2. 10% 20% 30% 40% 50%

*KPERS 2 members can only choose a 10%, 20% or 30% option. This does not affect KP&F or Judges.

PLSO Payment Options – Read the *Tax Information Regarding Plan Payments* section of this booklet before completing this part of the form. Failure to complete this part will delay payment.

"I have elected the Partial Lump-Sum Option and choose to have the lump sum paid as follows:"

Taxable Amount – Please choose **one** payment option for the taxable amount of your PLSO payment. This benefit is subject to federal income tax and will be reported to the Internal Revenue Service. This benefit is not subject to Kansas income tax. If you now reside in another state, check the tax laws in that state. KPERS will send a 1099-R form the following January for your federal tax return. If you are rolling over to more than two rollover plans, you may duplicate this page.

Important: If you do not roll over your lump sum, KPERS is required to withhold 20% for federal taxes. If you want to withhold more, enter the rate on line 2 of the IRS W-4R form (Withholding Certificate for Nonperiodic Payments and Eligible Rollover Distributions). You cannot withhold less than 20%. Federal tax will not be withheld on payments less than \$200.

- 4. Pay the entire taxable PLSO amount to a qualified defined contribution plan, traditional IRA or Roth IRA. *Advance to #6.*

If you chose a PLSO with a payment directly to you (not a rollover), KPERS is required to withhold 20% for federal taxes. If you want to withhold more, enter the rate on line 2 of the IRS W-4R form (Withholding Certificate for Nonperiodic Payments and Eligible Rollover Distributions) on page 15. You cannot withhold less than 20%. Instructions are on pages 16-17.

Note: This is a different withholding form than the IRS W-4P for your monthly benefits.

If you did not elect a PLSO or you chose a PLSO with a rollover, you don't need to complete the IRS W-4R form. Continue to Part D on page 17.

Your withholding rate is determined by the type of payment you will receive.

- For nonperiodic payments, the default withholding rate is 10%. You can choose to have a different rate by entering a rate between 0% and 100% on line 2. Generally, you can't choose less than 10% for payments to be delivered outside the United States and its territories.
- For an eligible rollover distribution, the default withholding rate is 20%. You can choose a rate greater than 20% by entering the rate on line 2. You may not choose a rate less than 20%.

General Instructions

Section references are to the Internal Revenue Code.

Future developments. For the latest information about any future developments related to Form W-4R, such as legislation enacted after it was published, go to www.irs.gov/FormW4R.

Purpose of form. Complete Form W-4R to have payers withhold the correct amount of federal income tax from your nonperiodic payment or eligible rollover distribution from an employer retirement plan, annuity (including a commercial annuity), or individual retirement arrangement (IRA). See page 2 for the rules and options that are available for each type of payment. Don't use Form W-4R for periodic payments (payments made in installments at regular

intervals over a period of more than 1 year) from these plans or arrangements. Instead, use Form W-4P, Withholding Certificate for Periodic Pension or Annuity Payments. For more information on withholding, see Pub. 505, Tax Withholding and Estimated Tax.

Caution: If you have too little tax withheld, you will generally owe tax when you file your tax return and may owe a penalty unless you make timely payments of estimated tax. If too much tax is withheld, you will generally be due a refund when you file your tax return. Your withholding choice (or an election not to have withholding on a nonperiodic payment) will generally apply to any future payment from the same plan or IRA. Submit a new Form W-4R if you want to change your election.

2024 Marginal Rate Tables

You may use these tables to help you select the appropriate withholding rate for this payment or distribution. Add your income from all sources and use the column that matches your filing status to find the corresponding rate of withholding. See page 2 for more information on how to use this table.

General Instructions (continued)

Nonperiodic payments—10% withholding. Your payer must withhold at a default 10% rate from the taxable amount of nonperiodic payments **unless** you enter a different rate on line 2. Distributions from an IRA that are payable on demand are treated as nonperiodic payments. Note that the default rate of withholding may not be appropriate for your tax situation. You may choose to have no federal income tax withheld by entering “-0-” on line 2. See the specific instructions below for more information. Generally, you are not permitted to elect to have federal income tax withheld at a rate of less than 10% (including “-0-”) on any payments to be delivered outside the United States and its territories.

Note: If you don't give Form W-4R to your payer, you don't provide an SSN, or the IRS notifies the payer that you gave an incorrect SSN, then the payer must withhold 10% of the payment for federal income tax and can't honor requests to have a lower (or no) amount withheld. Generally, for payments that began before 2024, your current withholding election (or your default rate) remains in effect unless you submit a Form W-4R.

Eligible rollover distributions—20% withholding. Distributions you receive from qualified retirement plans (for example, 401(k) plans and section 457(b) plans maintained by a governmental employer) or tax-sheltered annuities that are eligible to be rolled over to an IRA or qualified plan are subject to a 20% default rate of withholding on the taxable amount of the distribution. You can't choose withholding at a rate of less than 20% (including “-0-”). Note that the default rate of withholding may be too low for your tax situation. You may choose to enter a rate higher than 20% on line 2. Don't give Form W-4R to your payer unless you want more than 20% withheld.

Note that the following payments are **not** eligible rollover distributions for purposes of these withholding rules:

- Qualifying “hardship” distributions;
- Distributions required by federal law, such as required minimum distributions;
- Generally, distributions from a pension-linked emergency savings account;
- Eligible distributions to a domestic abuse victim;
- Qualified disaster recovery distributions;
- Qualified birth or adoption distributions; and
- Emergency personal expense distributions.

See Pub. 505 for details. See also *Nonperiodic payments—10% withholding* above.

Payments to nonresident aliens and foreign estates. Do not use Form W-4R. See Pub. 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*, and Pub. 519, *U.S. Tax Guide for Aliens*, for more information.

Tax relief for victims of terrorist attacks. If your disability payments for injuries incurred as a direct result of a terrorist attack are not taxable, enter “-0-” on line 2. See Pub. 3920, *Tax Relief for Victims of Terrorist Attacks*, for more details.

Specific Instructions

Line 1b

For an estate, enter the estate's employer identification number (EIN) in the area reserved for “Social security number.”

Line 2

More withholding. If you want more than the default rate withheld from your payment, you may enter a higher rate on line 2.

Less withholding (nonperiodic payments only). If permitted, you may enter a lower rate on line 2 (including “-0-”) if you want less than the 10% default rate withheld from your payment. If you have already paid, or plan to pay, your tax on this payment through other withholding or estimated tax payments, you may want to enter “-0-”.

Suggestion for determining withholding. Consider using the Marginal Rate Tables on page 1 to help you select the appropriate withholding rate for this payment or distribution. The tables are most accurate if the appropriate amount of tax on all other sources of income, deductions, and credits has been paid through other withholding or estimated tax payments. If the appropriate amount of tax on those sources of income has not been paid through other withholding or estimated tax payments, you can pay that tax through withholding on this payment by entering a rate that is greater than the rate in the Marginal Rate Tables.

The marginal tax rate is the rate of tax on each additional dollar of income you receive above a particular amount of income. You can use the table for your filing status as a guide to find a rate of withholding for amounts above the total income level in the table.

To determine the appropriate rate of withholding from the table, do the following. Step 1: Find the rate that corresponds with your total income not including the payment. Step 2: Add your total income and the taxable amount of the payment and find the corresponding rate.

If these two rates are the same, enter that rate on line 2. (See *Example 1* below.)

If the two rates differ, multiply (a) the amount in the lower rate bracket by the rate for that bracket, and (b) the amount in the higher rate bracket by the rate for that bracket. Add these two numbers; this is the expected tax for this payment. To get the rate to have withheld, divide this amount by the taxable amount of the payment. Round up to the next whole number and enter that rate on line 2. (See *Example 2* below.)

If you prefer a simpler approach (but one that may lead to overwithholding), find the rate that corresponds to your total income including the payment and enter that rate on line 2.

Examples. Assume the following facts for *Examples 1* and *2*. Your filing status is single. You expect the taxable amount of your payment to be \$20,000. Appropriate amounts have been withheld for all other sources of income and any deductions or credits.

Example 1. You expect your total income to be \$62,000 without the payment. Step 1: Because your total income without the payment, \$62,000, is greater than \$61,750 but less than \$115,125, the corresponding rate is 22%. Step 2: Because your total income with the payment, \$82,000, is greater than \$61,750 but less than \$115,125, the corresponding rate is 22%. Because these two rates are the same, enter “22” on line 2.

Example 2. You expect your total income to be \$43,700 without the payment. Step 1: Because your total income without the payment, \$43,700, is greater than \$26,200 but less than \$61,750, the corresponding rate is 12%. Step 2: Because your total income with the payment, \$63,700, is

greater than \$61,750 but less than \$115,125, the corresponding rate is 22%. The two rates differ. \$18,050 of the \$20,000 payment is in the lower bracket (\$61,750 less your total income of \$43,700 without the payment), and \$1,950 is in the higher bracket (\$20,000 less the \$18,050 that is in the lower bracket). Multiply \$18,050 by 12% to get \$2,166. Multiply \$1,950 by 22% to get \$429. The sum of these two amounts is \$2,595. This is the estimated tax on your payment. This amount corresponds to 13% of the \$20,000 payment (\$2,595 divided by \$20,000). Enter "13" on line 2.

■ Who Can You Name as Beneficiary?

You can choose:

- A living person.
- A trust.
- Your estate.
- Any combination of these options.

You cannot name a church or other charitable organization as a beneficiary.

If you choose more than one beneficiary, each will share your benefits equally. You can also name a contingent beneficiary to receive your benefits if your primary beneficiary is not living. Only members can complete the designation form. Conservators, guardians and those with power of attorney cannot select or change a KPERS beneficiary.

You have the option to make beneficiary changes in your online account. To login, navigate to kpers.org, then click the Member Login button. *Changes online or with this form replace all previous designations.* Every time you complete the form, fill in both the primary and contingent beneficiary sections if you intend to have a contingent beneficiary. If you complete only the contingent section and leave the primary blank, you will have no primary beneficiary, even if a past form names one. The Board of Trustees recognizes only those designations received in the Retirement System office before your death.

Important: You must name a primary beneficiary in Part B. If no primary or contingent beneficiary is living at the time of your death, your retirement benefits will be paid according to the line of descendency in K.S.A. 74-4902(7).

■ What Your Beneficiary Receives

Your beneficiary receives your \$4,000 retiree death benefit and any of your remaining contributions and interest.

If you chose a five, ten or 15-year Life-Certain payment option when you retired, your beneficiary receives a monthly benefit for the rest of the guaranteed period after your death instead of returned contributions and interest.

■ Naming a Trust or Your Estate

If you name a trust, provide the name of the trust (e.g., Your Name, Trust #1). If you name your estate, write "Estate of (Your Name)" or "My Estate." You can name another primary or contingent beneficiary in addition to your estate or a trust, and each will share your benefit equally.

■ Naming a Funeral Establishment

In addition to a living person, your estate and a trust, you can name a funeral establishment in Part D to directly receive your \$4,000 retiree death benefit for funeral expenses. If you directly name a funeral establishment, the establishment will pay the tax on the benefit as regular business income. If you designate a funeral establishment, you also need to name a primary beneficiary to receive any other retirement benefits.

If you wish to keep your current beneficiaries and simply add the optional funeral establishment designation, you may leave Parts B and C blank and initial the statement in Part D. This will add the funeral establishment to your beneficiary record without changing your current primary and contingent beneficiaries.

■ Naming a Minor Child

If you name a minor child as a primary beneficiary, lump-sum benefit amounts under \$10,000 will be paid out under the Kansas Uniform Transfer to Minors Act. The Retirement System will send the guardian or custodian a form to complete and the benefit is paid to that individual on behalf of the minor. If the benefit is \$10,000 or more, Kansas law requires a conservator be appointed to receive the benefit on the child's behalf.

■ Naming Additional Beneficiaries

If you need to name more beneficiaries than space allows on the *Designation of Beneficiary – Retired* form (KPERS-7/99R), use an *Additional Retirement Beneficiaries* page. This page must be with your completed *Designation of Beneficiary – Retired* form to be valid. You can download an additional page at kpers.org or contact the Retirement System to receive one by mail.

■ Membership in More Than One Retirement System (KPERS, KP&F, Judges, Board of Regents)

If you are a member of more than one KPERS-administered retirement system (KPERS, KP&F, Judges), this beneficiary designation will become your designation for all systems.

If you are retired in one retirement system and active in another, you can also complete an *Additional Life Insurance Beneficiaries* page if you wish to name a separate beneficiary for your group life insurance. Additional pages must be with your completed *Designation of Beneficiary – Retired* form to be valid.

For additional information on designating a beneficiary, visit kpers.org or refer to your membership guide.

TAX INFORMATION REGARDING PLAN PAYMENTS

You are receiving this notice because all or a portion of a payment you are receiving from KPERS is eligible to be rolled over to an IRA or an employer plan. This notice is intended to help you decide whether to do such a roll-over.

Note: If you have an electronic version of this booklet, you may request a paper copy from KPERS at no charge.

Rules that apply to most payments from a plan are described in the "General Information About Rollovers" section. Special rules that only apply in certain circumstances are described in the "Special Rules and Options" section.

General Information About Rollovers

How can a rollover affect my taxes?

You will be taxed on a payment from KPERS if you do not roll it over. If you are under age 59½ and do not do a rollover, you will also have to pay a 10% additional income tax on early distributions (generally, distributions made before age 59½), unless an exception applies. However, if you do a rollover, you will not have to pay tax until you receive payments later and the 10% additional income tax will not apply if those payments are made after you are age 59½ (or if an exception to the 10% additional income tax applies).

What types of retirement accounts and plans may accept my rollover?

You may roll over the payment to either an IRA (an individual retirement account or individual retirement annuity) or an employer plan (a tax-qualified plan, section 403(b) plan, or governmental section 457(b) plan) that will accept the rollover. The rules of the IRA or employer plan that holds the rollover will determine your investment options, fees, and rights to payment from the IRA or employer plan. Further, the amount rolled over will become subject to the tax rules that apply to the IRA or employer plan.

How do I do a rollover?

There are two ways to do a rollover. You can do either a direct rollover or a 60-day rollover.

If you do a direct rollover, KPERS will make the payment directly to your IRA or an employer plan. You should contact the IRA sponsor or the administrator of the employer plan for information on how to do a direct rollover.

If you do not do a direct rollover, you may still do a rollover by making a deposit into an IRA or eligible employer plan that will accept it. Generally, you will have 60 days after you receive the payment to make the deposit. If you do not do a direct rollover, KPERS is required to withhold 20% of the payment for federal income taxes (up to the amount of cash and property received). This means that, in order to roll over the entire payment in a 60-day rollover, you must use other funds to make up for the 20% withheld. If you do not roll over the entire amount of the payment, the portion not rolled over will be taxed and

will be subject to the 10% additional income tax on early distributions if you are under age 59½ (unless an exception applies).

How much may I roll over?

If you wish to do a rollover, you may roll over all or part of the amount eligible for rollover. Any payment from KPERS is eligible for rollover, **except**:

- Certain payments spread over a period of at least 10 years or over your life or life expectancy (or the joint lives or joint life expectancies of you and your beneficiary);
- Required minimum distributions after age 70½ if you were born before July 1, 1949, after age 72 if you were born after June 30, 1949, or after death;
- Corrective distributions of contributions that exceed tax law limitations.

KPERS can tell you what portion of a payment is eligible for rollover.

If I don't do a rollover, will I have to pay the 10% additional income tax on early distributions?

If you are under age 59½, you will have to pay the 10% additional income tax on early distributions for any payment from KPERS (including amounts withheld for income tax) that you do not roll over, unless one of the exceptions listed below applies. This tax applies to the part of the distribution that you must include in income and is in addition to the regular income tax on the payment not rolled over.

The 10% additional income tax does not apply to the following payments from KPERS:

- Payments made after you separate from service if you will be at least age 55 in the year of the separation;
- Payments that start after you separate from service if paid at least annually in equal or close to equal amounts over your life or life expectancy (or the joint lives or joint life expectancies of you and your beneficiary);
- Payments from a governmental plan made after you separate from service if you are a qualified public safety employee and you will be at least age 50 in the year of the separation;
- Payments made due to disability;
- Payments after your death;
- Corrective distributions of contributions that exceed tax law limitations;

- Payments made directly to the government to satisfy a federal tax levy;
- Payments made under a qualified domestic relations order (QDRO);
- Payments up to the amount of your deductible medical expenses (without regard to whether you itemize deductions for the taxable year); and
- Payments for certain distributions relating to certain federally-declared disasters

If I do a rollover to an IRA, will the 10% additional income tax apply to early distributions from the IRA?

If you receive a payment from an IRA when you are under age 59 ½, you will have to pay the 10% additional income tax on early distributions on the part of the distribution that you must include in income, unless an exception applies. In general, the exceptions to the 10% additional income tax for early distributions from an IRA are the same as the exceptions listed above for early distributions from a plan. However, there are a few differences for payments from an IRA, including:

- The exception for payments made after you separate from service you will be at least age 55 in the year of the separation (or age 50 for qualified public safety employees) does not apply.
- The exception for qualified domestic relations orders (QDROs) does not apply (although a special rule applies under which, as part of a divorce or separation agreement, a tax-free transfer may be made directly to an IRA of a spouse or former spouse); and
- The exception for payments made at least annually in equal or close to equal amounts over a specified period applies without regard to whether you have had a separation from service.

Additional exceptions apply for payments from an IRA, including:

- Payments for qualified higher education expenses;
- Payments up to \$10,000 used in a qualified first-time home purchase; and
- Payments for health insurance premiums after you have received unemployment compensation for 12 consecutive weeks (or would have been eligible to receive unemployment compensation but for self-employed status).

Will I owe State income taxes?

This notice generally does not address any State or local income tax rules (including withholding rules).

However, KPERS lump-sum benefits, including earnings, generally keep their Kansas state tax-exempt status, even when rolled over into a qualified IRA containing other re-

tirement funds. For more information about Kansas state taxes, please contact the Kansas Department of Revenue or a qualified tax preparer. If you live in another state, check if your benefit is taxable in that state.

Special Rules and Options

If your payment includes after-tax contributions

After-tax contributions included in a payment are not taxed. If you receive a partial payment of your total benefit, an allocable portion of your after-tax contributions is included in the payment, so you cannot take a payment of only after-tax contributions. However, if you have pre-1987 after-tax contributions maintained in a separate account, a special rule may apply to determine whether the after-tax contributions are included in the payment. In addition, special rules apply when you do a rollover, as described below.

You may roll over to an IRA a payment that includes after-tax contributions through either a direct rollover or a 60-day rollover. You must keep track of the aggregate amount of the after-tax contributions in all of your IRAs (in order to determine your taxable income for later payments from the IRAs). If you do a direct rollover of only a portion of the amount paid from the Plan and at the same time the rest is paid to you, the portion rolled over consists first of the amount that would be taxable if not rolled over. For example, assume you are receiving a distribution of \$12,000, of which \$2,000 is after-tax contributions. In this case, if you directly roll over \$10,000 to an IRA that is not a Roth IRA, no amount is taxable because the \$2,000 amount not rolled over is treated as being after-tax contributions. If you do a direct rollover of the entire amount paid from the Plan to two or more destinations at the same time, you can choose which destination receives the after-tax contributions.

Similarly, if you do a 60-day rollover to an IRA of only a portion of a payment made to you, the portion rolled over consists first of the amount that would be taxable if not rolled over. For example, assume you are receiving a distribution of \$12,000, of which \$2,000 is after-tax contributions, and no part of the distribution is directly rolled over. In this case, if you roll over \$10,000 to an IRA that is not a Roth IRA in a 60-day rollover, no amount is taxable because the \$2,000 amount not rolled over is treated as being after-tax contributions.

You may roll over to an employer plan all of a payment that includes after-tax contributions, but only through a direct rollover (and only if the receiving plan separately accounts for after-tax contributions and is not a governmental section 457(b) plan). You can do a 60-day rollover to an employer plan of part of a payment that includes after-tax contributions, but only up to the amount of the payment that would be taxable if not rolled over.

If you miss the 60-day rollover deadline

Generally, the 60-day rollover deadline cannot be ex-

tended. However, the IRS has the limited authority to waive the deadline under certain extraordinary circumstances, such as when external events prevented you from completing the rollover by the 60-day rollover deadline. Under certain circumstances, you may claim eligibility for a waiver of the 60-day rollover deadline by making a written self-certification. Otherwise, to apply for a waiver from the IRS, you must file a private letter ruling request with the IRS. Private letter ruling requests require the payment of a nonrefundable user fee. For more information, see IRS Publication 590-A, *Contributions to Individual Retirement Arrangements (IRAs)*.

If you were born on or before January 1, 1936

If you were born on or before January 1, 1936 and receive a lump sum distribution that you do not roll over, special rules for calculating the amount of the tax on the payment might apply to you. For more information, see IRS Publication 575, *Pension and Annuity Income*.

If your payment is from a governmental section 457(b) plan

If the Plan is a governmental 457(b) plan, the same rules described elsewhere in this notice generally apply, allowing you to roll over the payment to an IRA or an employer plan that accepts rollovers. One difference is that, if you do not do a rollover, you will not have to pay the 10% additional income tax on early distributions from the Plan even if you are under age 59½ (unless the payment is from a separate account holding rollover contributions that were made to the Plan from a tax-qualified plan, a section 403(b) plan, or an IRA). However, if you do a rollover to an IRA or to an employer plan that is not a governmental section 457(b) plan, a later distribution made before age 59½ will be subject to the 10% additional income tax on early distributions (unless an exception applies). Other differences include that you cannot do a rollover if the payment is due to an “unforeseeable emergency” and the special rules under “If you were born on or before January 1, 1936” do not apply.

If you roll over your payment to a Roth IRA

If you roll over a payment to a Roth IRA, a special rule applies under which the amount of the payment rolled over (reduced by any after-tax amounts) will be taxed. In general, the 10% additional income tax on early distributions will not apply. However, if you take the amount rolled over out of the Roth IRA within from the 5-year period that begins on January 1 of the year of the rollover, the 10% additional income tax will apply (unless an exception applies).

If you roll over the payment to a Roth IRA, later payments from the Roth IRA that are qualified distributions will not be taxed (including earnings after the rollover). A qualified distribution from a Roth IRA is a payment made after you are age 59½ (or after your death or disability, or as a qualified first-time homebuyer distribution of up to \$10,000) and after you have had a Roth IRA for at least 5 years. In applying this 5-year rule, you count from Janu-

ary 1 of the year for which your first contribution was made to a Roth IRA. Payments from the Roth IRA that are not qualified distributions will be taxed to the extent of earnings after the rollover, including the 10% additional income tax on early distributions (unless an exception applies). You do not have to take required minimum distributions from a Roth IRA during your lifetime. For more information, see IRS Publication 590-A, *Contributions to Individual Retirement Arrangements (IRAs)*, and IRS Publication 590-B, *Distributions from Individual Retirement Arrangements (IRAs)*. You should consult your tax advisor if you are interested in rolling over your distribution to a Roth IRA.

If you are not the KPERs member

Payments after death of the member

If you receive a distribution after the member’s death that you do not roll over, the distribution generally will be taxed in the same manner described elsewhere in this notice. However, the 10% additional income tax on early distributions and the special rules for public safety officers do not apply, and the special rule described under the section “If you were born on or before January 1, 1936” applies only if the deceased member was born on or before January 1, 1936.

If you are a surviving spouse

If you receive a payment from KPERs as the surviving spouse of a deceased member, you have the same rollover options that the member would have had, as described elsewhere in this notice. In addition, if you choose to do a rollover to an IRA, you may treat the IRA as your own or as an inherited IRA.

An IRA you treat as your own is treated like any other IRA of yours, so that payments made to you before you are age 59½ will be subject to the 10% additional income tax on early distributions (unless an exception applies) and required minimum distributions from your IRA do not have to start until after you are age 70½ (if you were born before July 1, 1949) or age 72 (if you were born after June 30, 1949).

If you treat the IRA as an inherited IRA, payments from the IRA will not be subject to the 10% additional income tax on early distributions. However, if the member had started taking required minimum distributions, you will have to receive required minimum distributions from the inherited IRA. If the member had not started taking required minimum distributions from KPERs, you will not have to start receiving required minimum distributions from the inherited IRA until the year the member would have been age 70½ (if the member was born before July 1, 1949) or age 72 (if the member was born after June 30, 1949).

If you are a surviving beneficiary other than a spouse

If you receive a payment from KPERs because of the member’s death and you are a designated beneficiary other than a surviving spouse, the only rollover option you have is to do a direct rollover to an inherited IRA.

Payments from the inherited IRA will not be subject to the 10% additional income tax on early distributions. You will have to receive required minimum distributions from the inherited IRA.

Payments under a QDRO

If you are the spouse or former spouse of the member who receives a payment from KPERS under a qualified domestic relations order (QDRO), you generally have the same options and the same tax treatment that the member would have (for example, you may roll over the payment to your own IRA or an eligible employer plan that will accept it). However, payments under the QDRO will not be subject to the 10% additional income tax on early distributions.

If you are a nonresident alien

If you are a nonresident alien and you do not do a direct rollover to a U.S. IRA or U.S. employer plan, instead of withholding 20%, KPERS is generally required to withhold 30% of the payment for federal income taxes. If the amount withheld exceeds the amount of tax you owe (as may happen if you do a 60-day rollover), you may request an income tax refund by filing Form 1040NR and attaching your Form 1042-S. See Form W-8BEN for claiming that you are entitled to a reduced rate of withholding under an income tax treaty. For more information, see also IRS Publication 519, *U.S. Tax Guide for Aliens*, and IRS Publication 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*.

Other special rules

If a payment is one in a series of payments for less than 10 years, your choice whether to do a direct rollover will apply to all later payments in the series (unless you make a different choice for later payments).

If your payments for the year are less than \$200, (not including payments from a designated Roth account in KPERS), KPERS is not required to allow you to do a direct rollover and is not required to withhold federal income taxes. However, you may do a 60-day rollover.

You may have special rollover rights if you recently served in the U.S. Armed Forces. For more information on special rollover rights related to the U.S. Armed Forces, see IRS Publication 3, *Armed Forces' Tax Guide*. You also may have special rollover rights if you were affected by a federally declared disaster (or similar event), or if you received a distribution on account of a disaster. For more information on special rollover rights related to disaster relief, see the IRS website at irs.gov.

Retired Public Safety Officers

If you retired as a state public safety officer and your retirement was by reason of disability or was after normal retirement age, you can exclude from your taxable income plan payments paid directly as premiums to an accident or health plan (or a qualified long-term care insurance contract) that your employer maintains for you, your spouse,

or your dependents, up to a maximum of \$3,000 annually. For this purpose, a state public safety officer is a law enforcement officer, firefighter, chaplain, or member of a rescue squad or ambulance crew employed by the state.

Currently, only retirees with state employee health insurance through the Division of Health Care Finance are eligible to have premiums deducted directly from their KPERS benefit. State legislation is needed to extend the benefit to other retirees.

The Form 1099-R that you receive from KPERS at tax time will report the deducted insurance premium as taxable. If you want to take advantage of this \$3,000 exclusion, you must report the amount claimed on Form 1040. The instructions to Form 1040 explain that the taxable amount received from KPERS, reduced by the amount of qualified premiums deducted and paid by KPERS (not to exceed \$3,000), must be entered on line 16b of the Form 1040. Next to the entry, in the margin, you must write the letters "PSO." This is an annual election—you will need to report the exclusion for each year in which you want to claim the exclusion.

Special Notice to KP&F Members

If you work for an employer who does not withhold Social Security taxes from your salary, such as a government agency, any pension you get based on that work may reduce your Social Security benefits. The Windfall Elimination Provision affects how the amount of your retirement or disability benefit is calculated if you receive a pension from work where Social Security taxes were not taken out of your pay. A modified formula is used to calculate your benefit amount, resulting in a lower Social Security benefit than you otherwise would receive.

The Windfall Elimination Provision primarily affects you if you earned a pension in any job where you did not pay Social Security taxes and you also worked in other jobs long enough to qualify for a Social Security retirement or disability benefit. Please contact Social Security if you have further questions.
