INDEPENDENT AUDITORS' REPORT

The Board of Trustees
Kansas Public Employees Retirement System
Topeka, Kansas

Report on Schedules

We have audited the accompanying schedules of employer and nonemployer allocations of the Kansas Public Employees Retirement System Cost-Sharing Multiple-Employer Defined Benefit Pension Plan (KPERs) as of and for the year ended June 30, 2018, and the related notes.

We have also audited the total for all entities of the columns titled net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total employer pension expense as of and for the year ended June 30, 2018 (specified column totals), included in the accompanying schedules of pension amounts by employer and nonemployer of KPERs, and the related notes.

Management's Responsibility for the Schedules

Management is responsible for the preparation and fair presentation of these schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on the schedules of employer and nonemployer allocations and the specified column totals included in the schedules of pension amounts by employer and nonemployer based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedules of employer and nonemployer allocations and the specified column totals included in the schedules of pension amounts by employer and nonemployer are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedules of employer and nonemployer allocations and the specified column totals included in the schedules of pension amounts by employer and nonemployer. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the schedules of employer and nonemployer allocations and the specified column totals in the schedules of pension amounts by employer and nonemployer, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedules of employer and nonemployer allocations and specified column totals included in the schedules of pension amounts by employer and nonemployer in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion.

The Board of Trustees
Kansas Public Employees Retirement System

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedules of employer and nonemployer allocations and specified column totals included in the schedules of pension amounts by employer and nonemployer.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the schedules referred to above present fairly, in all material respects, the employer and nonemployer allocations and the net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total employer pension expense for the total of all participating entities for KPERS as of and for the year ended June 30, 2018, in accordance with accounting principles generally accepted in the United States of America.

Other Matter

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of KPERS as of and for the year ended June 30, 2018, and our report thereon, dated October 30, 2018, expressed an unmodified opinion on those statements.

Other Information

The Supplemental Schedules of Employer Special Funding Allocations – State/School Group, Special Funding Amounts by Employer – State/School Group, Nonemployer Contributions – State/School Group, and Schedules of Net Pension Liability Sensitivities, Deferred Outflows/(Inflows) of Resources by Employer (by plan group) on pages 92-140 have not been subjected to the auditing procedures applied in the audits of the Schedules of Employer and Nonemployer Allocations and the specified column totals in the Schedules of Pension Amounts by Employer and Nonemployer and accordingly, we do not express an opinion or provide any assurance on them.

Restriction on Use

Our report is intended solely for the information and use of the KPERS' management and Board of Trustees, the State of Kansas, and KPERS' employers and their auditors, and is not intended to be and should not be used by anyone other than these specified parties.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Audit Standards*, we have also issued our report dated February 1, 2019, on our consideration of the KPERS' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of KPERS' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering KPERS' internal control over financial reporting.

(1) Plan Description

The Kansas Public Employees Retirement System (KPERs, or the System) is a body corporate and an instrumentality of the State of Kansas. KPERs is the administrator of a cost sharing multiple employer defined benefit pension plan (Pension Plan) as defined in Governmental Accounting Standards Board (GASB) Statement No. 67, Financial Reporting for Pension Plans. KPERs financial statements are included in its Comprehensive Annual Financial Report which can be found on the System's website at www.kpers.org.

KPERs provides pension benefits to the following statewide pension groups under one plan, as provided by K.S.A. 74, article 49:

- Public employees, which include:
 - State/School employees
 - Local employees
- Police and Firemen
- Judges

Substantially all public employees in Kansas are covered by the Pension Plan. The State of Kansas and Kansas schools are required to participate, while participation by local political subdivisions is optional but irrevocable once elected.

Benefits

Benefits are established by statute and may only be changed by the Legislature. Members (except Police and Firemen) with ten or more years of credited service, may retire as early as age 55 (Police and Firemen may be age 50 with 20 years of credited service), with an actuarially reduced monthly benefit. Normal retirement is at age 65, age 62 with ten years of credited service, or whenever a member's combined age and years of credited service equal 85 "points" (Police and Firemen's normal retirement ages are age 60 with 15 years of credited service, age 55 with 20 years, age 50 with 25 years, or any age with 36 years of service).

Monthly retirement benefits are based on a statutory formula that includes final average salary and years of service. When ending employment, members may withdraw their contributions from their individual accounts, including interest. Members who withdraw their accumulated contributions lose all rights and privileges of membership. For all pension coverage groups, the accumulated contributions and interest are deposited into and disbursed from the membership accumulated reserve fund as established by K.S.A. 74 4922.

Members choose one of seven payment options for their monthly retirement benefits. At retirement a member may receive a lump sum payment of up to 50% of the actuarial present value of the member's lifetime benefit. His or her monthly retirement benefit is then permanently reduced based on the amount of the lump sum. Benefit increases, including ad hoc post retirement benefit increases, must be passed into law by the Kansas Legislature. Benefit increases are under the authority of the Legislature and the Governor of the State of Kansas.

The 2012 Legislature made changes affecting new hires, current members and employers. A new KPERS 3 cash balance retirement plan for new hires starting January 1, 2015, was created. Normal retirement age for KPERS 3 is 65 with five years of service or 60 with 30 years of service. Early retirement is available at age 55 with ten years of service, with a reduced benefit. Monthly benefit options are an annuity benefit based on the account balance at retirement.

For all pension coverage groups, the retirement benefits are disbursed from the retirement benefit payment reserve fund as established by K.S.A. 74 4922.

Contributions

Member contribution rates are established by state law, and are paid by the employee according to the provisions of Section 414(h) of the Internal Revenue Code. State law provides that the employer contribution rates be determined based on the results of an annual actuarial valuation for each of the three state wide pension groups. The contributions and assets of all groups are deposited in the Kansas Public Employees Retirement Fund established by K.S.A. 74 4921. All of the retirement systems are funded on an actuarial reserve basis.

For fiscal years beginning in 1995, Kansas legislation established statutory limits on increases in contribution rates for KPERS employers, which includes the state and the school employers. Annual increases in the employer contribution rates related to subsequent benefit enhancements are not subject to these limitations. The statutory cap increase over the prior year contribution rate is 1.2% of total payroll.

The actuarially determined employer contribution rate and the statutory contribution rates are as follows:

	<u>Actuarial employer rate</u>	<u>Statutory employer capped rate</u>
State employees	9.62 %	12.01 %
School employees	16.38	12.01
State/School employees (combined rate) (1)	14.89	12.01
Local government employees	8.39	8.39
Police and Firemen	20.09	20.09
Judges	15.89	15.89

(1) The State/School subgroups are combined into one group for purposes of determining a contribution rate.

Rates shown for KPERS State, School and Judges represent the rates for fiscal year ending June 30. KPERS Local and Police and Firemen rates are calendar year.

Member contribution rates as a percentage of eligible compensation in fiscal year 2018 are 6.00% for Public Employees, 7.15% for Police and Firemen, and 6.00% or 2.00% for Judges.

(2) Basis of Presentation

The schedules of employer and nonemployer allocations and the schedules of pension amounts by employer and nonemployer (the Schedules) present amounts that are elements of the financial statements of the System or of its participating employers. Accordingly, they do not purport to be a complete presentation of the financial position or changes in financial position of either the System or its participating employers. The amounts presented in the Schedules were prepared in accordance with the accounting principles generally accepted in the United States of America. Such preparation requires management of the System to make a number of estimates and assumptions relating to the reported amounts. Actual results could differ from those estimates.

(3) Employer and Nonemployer Allocations

Although KPERS administers one cost sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarial determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense are determined separately for each of the following groups of the plan:

- State
- School
- Local
- Police and Firemen
- Judges

To facilitate the separate (sub) actuarial valuations, the System maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The allocation percentages presented for each group in the schedule of employer and nonemployer allocations are applied to amounts presented in the schedules of pension amounts by employer and nonemployer. The allocation percentages for each group as of June 30, 2018, are based on the ratio of each employer's contributions to total employer and nonemployer contributions of the group for the fiscal years ended June 30, 2018. The contributions used exclude contributions made for prior service, excess benefits and irregular payments. The employer allocation percentages have been rounded for presentation purposes. Therefore, use of these percentages to recalculate individual employer amounts presented in the schedules of pension amounts by employer and nonemployer may result in immaterial differences due to rounding.

The contributions used for determining allocation percentages for the state/school group exclude the \$56 million transfer from the state general fund to KPERS on June 30, 2018. This transfer was made per conditions set forth in House Substitute for Senate Bill No. 109, Section 47(d). Please reference the table on page 94 of this report, *Supplemental Schedule of Nonemployer Contributions – State/School Group (unaudited)*.

Receivables

In addition to statutorily determined contractually required contributions, certain agencies also make payments through an additional component of their required employer contribution rate or annual installment payments. Both options include interest at 8 percent per year, for the cost of service credits granted retroactively when the agency initially joined the Retirement System. As of June 30, 2018, the outstanding balance was \$4,612,105. These payments are due over various time periods up through December 31, 2032.

The 2017 Legislature passed Senate Sub for Sub House Bill 2052 authorizing the delay of \$64.1 million in Fiscal Year 2017 contributions. This amount has been set up as a long-term receivable. Payment was authorized to be made in a series of twenty annual payments of \$6.4 million. Senate Sub for HB 2002 authorized the first two annual payments for Fiscal Years 2018 and 2019.

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of December 31, 2017, which was rolled forward to June 30, 2018, using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Cost Method	Entry age normal
Inflation	2.75 percent
Salary Increase	3.50 to 12.00 percent, including price inflation
Investment Rate of Return	7.75 percent compounded annually, net of investment expense, including price inflation

Mortality rates were based on the RP 2014 Mortality Tables, with age setbacks and age set forwards as well as other adjustments based on different membership groups. Future mortality improvements are anticipated using Scale MP-2016.

The actuarial assumptions used in the December 31, 2017, valuation were based on the results of an actuarial experience study conducted for the period January 1, 2013, through December 31, 2015. The experience study is dated November 18, 2016.

The actuarial assumptions changes adopted by the Pension Plan for all groups based on the experience study:

- Price inflation assumption lowered from 3.00 percent to 2.75 percent
- Investment return assumption was lowered from 8.00 percent to 7.75 percent
- General wage growth assumption was lowered from 4.00 to 3.5 percent
- Payroll growth assumption was lowered from 4.00 percent to 3.00 percent

As of and for the year ended June 30, 2018

The long-term expected rate of return on pension plan investments was determined using a building block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage. Best estimates of arithmetic real rates of return for each major asset class as of the most recent experience study, dated November 18, 2016, as provided by KPERS' investment consultant, are summarized in the following table:

Asset class	Long-term target allocation	Long-term expected real rate of return
Global Equity	47.00 %	6.85 %
Fixed Income	13.00	1.25
Yield driven	8.00	6.55
Real return	11.00	1.71
Real estate	11.00	5.05
Alternatives	8.00	9.85
Short-term investments	2.00	(0.25)
Total	100.00 %	

Discount Rate

The discount rate used to measure the total pension liability was 7.75 percent. The projection of cash flows used to determine the discount rate was based on member and employer contributions as outlined below:

In KPERS, the State/School and Local groups do not necessarily contribute the full actuarial determined rate. Based on legislation first passed in 1993 and subsequent legislation, the employer contribution rates certified by the Board may not increase by more than the statutory cap. The statutory cap for Fiscal Year 2018 was 1.2 percent.

In recent years, the Legislature has made several changes to statutory rates that deviate from the scheduled contribution increases set under the caps established in 2012 for the State/School group. Under 2015 SB 4, the previously certified State/School statutory rate for Fiscal Year 2015 of 11.27 percent was reduced to 8.65 percent for the last half of the fiscal year as part of the Governor's allotment. That same session, SB 228 recertified statutory rates for the State/School group to 10.91 percent for Fiscal Year 2016 and 10.81 percent for Fiscal Year 2017 in anticipation of the issuance of \$1 billion in pension obligation bonds. Legislation in the 2016 session (SB 161) provided for the delay of up to \$100 million in State and School contributions to the Pension Plan. Legislation passed by the 2017 Legislature removed the repayment provisions included in SB 161.

In addition, 2017 Senate Sub for Sub HB 2052 delayed \$64.1 million in Fiscal Year 2017 State/School contributions, to be repaid over 20 years in level dollar installments. The first year payment of \$6.4 million was paid in full at the beginning of Fiscal Year 2018, and appropriations for Fiscal Year 2018 were made at the statutory contribution rate of 12.01 percent for the State/School group. Additional legislation in the 2017 Session (S Sub for HB 2002) provided for a reduction of \$194 million from the previously certified contribution rate of 13.21 percent in the State/School contributions for Fiscal Year 2019. Like the Fiscal Year 2017 reduction, it is to be paid back over a 20 year period, beginning in Fiscal Year 2020. Therefore, both reductions will be accounted for as long-term receivables by the Pension Plan. The 2018 Legislature passed House Sub for Sen Bill 109, that provided additional funds for the school group of \$56 million in Fiscal Year 2018 and \$138 million in Fiscal Year 2019.

Based on employer contribution history as described above, it is a reasonable estimate that the State/School group's contribution rate may not be certified at the statutory rate. It has been assumed that contribution rates will be made within the same range as have been seen in the past few years, between 11 to 12 percent. Using this assumption actuarial modeling indicates that employer contribution rates for the State/School group are sufficient to avoid a depletion date.

The Local, Kansas Police and Firemen, and Judges groups are contributing at the full actuarial contribution rate.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the Pension Plan as of June 30, 2018, calculated using the discount rate of 7.75 percent, as well as what the Pension Plan's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.75 percent) or 1 percentage point higher (8.75 percent) than the current rate:

(5) Special Funding Situation

The employer contributions for non-public school district schools, as defined in K.S.A. 74-4931 (2) and (3), are funded by the State of Kansas on behalf of these employers. Therefore, these employers, area vocational-technical schools and community junior colleges, are considered to be in a special funding situation as defined by GASB Statement No. 68. The State is treated as a nonemployer contributing entity in the System. Since these employers do not contribute directly to the System for active employees, there is no net pension liability or deferred inflows or outflows to report in the financial statements for active employees. The notes to their

financial statements must disclose the portion of the nonemployer contributing entities' total proportionate share of the collective net pension liability that is associated with the non-public school district employer. In addition, each non-public school district employer must recognize the pension expense associated with their employer as well as revenue in an amount equal to the nonemployer contributing entities' total proportionate share of the collective pension expense associated with their employer.

A number of these employers make contributions directly to KPERS for KPERS retirees filling KPERS covered positions per K.S.A. 74-4937, "working after retirement" employees. The resulting proportional share of these agencies' "working after retirement" contributions and resulting net pension liability are attributable to the employer. These amounts are reflected separately in the schedules.

(6) Collective Deferred Outflows of Resources and Deferred Inflows of Resources

A summary of the collective deferred outflows of resources and deferred inflows of resources as of June 30, 2018 are included in the tables below. Experience gains/losses and the impact of changes in actuarial assumptions or other inputs, if any, are recognized over the average expected remaining service life of the active and inactive plan members at the beginning of the measurement period. Investment gains and losses are recognized over a fixed five-year period.
